Mr. Albert L. Prevatt

Dear Mr. Prevatt,

Mr. Decker forwarded your letter of September 12, 2008 to my attention for handling. This is to advise that County Legal has reviewed your claim and does find that it falls within the Whistle Blower statute.

Please know that my office takes any type of complaint very seriously, and that I am committed to fully investigating allegations of wrongdoing by our staff so that any founded matter may be corrected. My reading of your current complaint does not reveal any new issue that has not already been addressed, whether directly by our agency or indirectly (e.g., via FDLE to you).

Sincerely yours,

A handwritten signature in blue ink, reading "Marilyn Chandler Ford", is written over a faint, light blue circular stamp.
