INMATE NAME: Comeau, Muriel BOOKING NUMBER 685491 CELL H11L
 SUBJECT Code White LOCATION N/W H-blk DATE 092707 TIME 2219

On 092707 at approximately 2219 hours I responded to a code white on North Wing. Upon my arrival to H11 I found Sgt. Painter, RN Ross and Medic Weismore in the cell moving inmate Comeau, Muriel 685491 from the bunk to the floor. It appeared that Comeau had a shoe lace tied around her neck. I removed my 911 tool from my belt and was going to cut the lace but found that RN Ross had already cut it with his scissors. Inmate Comeau was placed on the floor and CPR was started by RN Ross and Medic Weismore. I directed Sgt. Isler to report to the control room and start the ICS call down list. I then instructed Ofc. Bauer to keep track of all personnel entering or exiting the cell block. Medic Weismore placed a combitube into the inmate's mouth to open her airway then attached a resuscitator bag to supply air during the CPR. RN Ross began chest compression and Sgt. Painter maintained the resuscitator bag, squeezing it to provide the air. Medic Weismore then retrieved the AED which was then attached to the inmate. CPR was continued as well as following the instructions of the AED. Medic Weismore then started an IV on the inmate's right arm. I had Sgt. Isler double check to ensure that EVAC had been notified and was on their way. After several minutes of CPR I relieved RN Ross and took over the chest compressions to give him a break. A few minutes later Medic Weismore relieved me and started chest compressions until Fire Rescue arrived and took over. Once the EVAC staff took over, the AED was removed and the inmate was hooked up to one of their monitors. The information from their monitor was transmitted to HMC. Once all of the information was obtained at HMC, Dr. McMahon pronounced inmate Comeau "signal 7" dead at 2245 hours. At that time EVAC departed. RN Ross and Medic Weismore removed their medical equipment from the cell. Inmate Comeau's body was covered with her blanket. Nothing else in the cell was disturbed. The cell door was then secured. Ofc. Bauer remained posted at the cell door and was instructed not to let anyone into the cell unless directed by the VCISO as it was now a death investigation.

At approximately 2245 hours the VCISO investigators began to arrive at VCCF. The Medical Examiner was notified at approximately 2300 hours. Luis Negrete arrived at VCCF at approximately 2325 hours. Capt. Prince, Warden Neel, Warden Pronovost, Director Clifford, Capt. Dofflemeyer and Capt. Modzelewski all responded to VCCF. The PHS Medical Director and Mental Health Doctor was contacted. Rita Jorgensen responded to VCCF and provided grief counseling for staff who needed it.

The VCISO conducted their investigation and cleared the Medical Examiner to remove inmate Comeau's body. The body was removed from the block at 0046 hours then taken to ID/Rec and loaded into the Medical Examiner's vehicle and transported to the morgue. The cell was cleared by Investigator Blair for Sgt. Painter to search the cell. No suicide note or anything unusual was found in the cell. The cell was then cleared by Investigator Blair to clean at approximately 0100 hours. The cell was then thoroughly cleaned by a wing trusty using PH25.

A code white packet was started. All responding staff were directed to document their involvement and/or observations on a VCDC 402. Statements were taken from all inmates assigned to H-blk. A copy of the H-blk roster was made. A copy of North Wing's log book for Bravo Shift was made. VCDC 721's were filed on all inmates assigned to H-blk and each inmate was spoken to by medical staff. Mental Health staff was directed to talk to all of the inmates to provide grief counseling. A copy of inmate Comeau's medical records were made. Since inmate was booked in on 092607 she had not been to orientation yet and there was no Case Management file. The file from her previous incarceration was found and attached. Inmate had no one listed on her visitation card but a copy was made. Inmate had no funds in her account. A copy of her booking card was obtained from Booking. Pictures were taken of the scene. Inmate's family was notified through the Flagler County Sheriff's Office.

Inmate Comeau's personal property was pulled in ID/Rec. An inventory was completed and a VCDC 401 along with a copy of the VCDC 213 attached. The property was placed into the Warden's office.
