County of Volusia
5-Year Forecast
Fiscal Years 2017-18 to 2020-21
May 18, 2017

Forecasts are a snapshot in time and correspond to results of assumptions at that moment in time. Many things beyond county government control can affect those assumptions such as changes at the federal or state levels, changes in economic conditions, or the results of a natural disaster.

Revenue and expenditure forecasting does the following:

- Provides an understanding of available funding
- Evaluates financial risk
- Assesses the level at which capital investment can be made
- Determines if loan proceeds are needed for capital investment
- Identifies future commitments and resource demands
- Identifies the key variables that cause change in the level of revenue
- Identifies the key variables that cause change in the level of expenditures
- Provides a framework from which to develop policy discussions/decisions

Economic indicators play a big part:

- Development activity such as housing starts, foreclosures or new commercial construction impacts property taxes, the half-cent sales tax, landfill charges, waste collection, state revenue sharing, development revenues, and utilities and fuel taxes such as the Local Option Gas Tax.
- Tourism and convention activity impacts half-cent sales tax, ambulance fees, convention and tourist development taxes, state revenue sharing, utilities and fuel taxes.

Forecasting Methods

The methodology used to forecast revenues and expenditures includes both qualitative and quantitative methods.

Qualitatively, the Budget and Administrative Services Department utilized federal, state, and local economic and demographic sources to compile this forecast. Staff evaluated data from the consumer price index, state and local population estimates, state taxable sales estimates and funding initiatives, as well as changes in taxable value, changes in development activity, and changes in the unemployment rate.

Quantitatively, staff used the statistical techniques of trend analysis and time-series analysis (smoothing). Percentage changes between prior year and year-to-date collections and expenditures (usually 5 to 10 years) are coupled with anticipated changes in circumstances.

There are many techniques available for forecasting. Ultimately, final projections were based on a combination of the above and the experienced judgment of staff. The quality of the forecast is improved by bringing multiple perspectives to the forecast through the use of different methods and by soliciting the viewpoints of individual departments and other external experts. See end of summary for complete listing of outside sources referenced.

Debt Service

The county takes a planned approach to the management of debt, funding its capital needs from internally generated resources and uses external financing only when needed. Based upon its projections, management has programmed issuances to pay-off general fund sales tax-related debt by November 1, 2018. The timeline below shows the debt issues that will expire or be redeemed to accomplish this goal.

County of Volusia General Fund / Sales Tax Debt Timeline

	Apr 18, 2017	Oct 1, 2017	Oct 1, 2018	Nov 1, 2018	Nov 2, 2018
					
2016 Capital Improvement Revenue Bond	Current Balance \$15,000,000			Planned Call Date: Redemption of \$15,000,000	\$ 0
2012 Capital Improvement Refunding Revenue Bond	Current Balance \$2,775,000	Payment: \$530,000	Planned Call Date: Redemption of <u>\$2,245,000</u> Future Interest Savings of \$66,959		\$ 0
2008 Subordinate Lien Sales Tax Refunding Revenue Bonds	Current Balance \$14,740,000	Payment: \$7,185,000	Final Payment: \$7,555,000		\$ 0
Total Debt Balance at Date on Timeline	\$ 32,515,000	\$ 24,800,000	\$ 15,000,000	\$ 0	\$ 0

To fulfill its future capital needs, Volusia County is able to utilize available resources freed up by paying off its debt toward a pay-as-you-go funding strategy. This strategy will ensure that future taxpayers remain unburdened with debt while fostering ongoing fiscal responsibility.

The forecast includes ongoing debt payments for projects funded by other than the general fund sales tax dollars such as the Municipal Service District Fund (MSD), Tourist Development, County Transportation Trust, Enterprise Funds, etc. As reported in last year's forecast and the 2016-17 budget, it is anticipated the County will finance, before fiscal year end, \$7.0 Million to fund the Sheriff's new evidence/lab facility. Funding for those debt payments will come from the MSD. In addition, \$12 Million is programmed for improvements at the Daytona Beach International Airport. Borrowing is scheduled at the end of this fiscal year or the beginning of the next. For purposes of this forecast, it is shown as if borrowed in fiscal year 2017-18. Airport operating revenues will be utilized to service this debt.

No new borrowings funded by general fund revenues are anticipated for fiscal year 2017-18 and ensuing years depicted in this forecast. As demonstrated, capital needs can be funded on pay-as-you-go funding methodology.

Fund Balance and Budgeted Reserves:

Fund balance for budget purposes is the amount at the end of one fiscal year that is available for appropriation in the next fiscal year. Adequate fund balance translates into sustainable reserve levels. It is essential that sustainable levels are maintained to mitigate the financial impact from natural disasters and unforeseen fluctuations in revenues or expenditures. For the taxing funds, the county's goal to achieve emergency reserves of 5% - 10% of budgeted current revenues has been attained.

The use of one-time funds for ongoing operating expenses is not recommended except as a means to transition to sustainable levels of service. The forecasts contained in this document illustrate the use of reserves for planned maintenance, upgrades, and other capital expenditures as outlined in each fund's forecast.

Fund: 456 – Volusia Transportation Authority (VOTRAN)

Fund Overview

The Volusia County Council created Volusia County's Public Transportation System (VOTRAN) in 1975 to provide a bus transportation system serving all citizens in the county. VOTRAN also provides its Gold Service to clients who, because of physical or mental disability or age, are unable to transport themselves and cannot use the fixed-route service. VOTRAN's fleet includes 77 fixed-route buses and 60 paratransit vehicles. Four Sunrail (commuter rail) feeder bus routes, started in fiscal year 2013-14, are supported by funding from the Florida Department of Transportation as well as passenger fares. This budget is funded through passenger fares, ad valorem taxes, Federal Transit Administration and Florida Department of Transportation expenditures. Additional funds are derived from bus advertising and charges for services. VOTRAN's capital grants require no local funding and are appropriated when grant funds are awarded and, therefore, are not included in this forecast.

Assumptions

Fiscal year 2016-17 Budget – As outlined in adopted budget document, page E-120.

Revenues (operating sources only):

Federal Mass Transit – Federal Department of Transportation, through the Federal Transit Administration, provides transit formula grants for urban areas to be used for planning, improvements, maintenance of equipment and facilities, and other operating costs. Fiscal years 2019-21 increased 2% based on historical collections.

State Mass Transit – Florida Department of Transportation provides block grants for public transit as well as grants for Transportation of the Disadvantaged, Commuter Assistance/Rideshare Programs, Transit Corridor Programs and Transportation System Operations. Fiscal years 2019-21 increased 2% based on historical collections.

Mass Transit Fare – The Federal Transit Administration requires a fare equity analysis and outreach plan, public hearings and community involvement on any rate change. Fiscal years 2019-21 bus fares are increased 2.0% based upon estimated ridership.

Miscellaneous Revenues – Revenues projected flat.

Fund: 456 – Volusia Transportation Authority (VOTRAN)

General Fund Transfer—The increase in the forecast for the general fund contribution is to expand service frequency on routes 7 and 11 (Daytona Beach), add a new route in New Smyrna Beach, implementation of limited holiday service on Thanksgiving, Christmas and New Year's day and begin an annual revenue stabilization reserve set-aside in fiscal year 2017-18. The creation of a new route in Deltona to service Howland Boulevard is forecasted in fiscal year 2018-19. The projected operating costs to accommodate these services is included each fiscal year beginning in 2018.

Below is a 7 year history of the general fund contribution for transportation services.

Expenditures (operating sources only):

Personal Services:

Salaries – Fiscal years 2018-21 pay adjustment of 3%.

Group Insurance – Increased by 6.6% for estimated medical inflation.

Note: Votran employees are not County employees so do not have County benefits

Operating Expenditures:

Increases in operating costs are mainly due to increased service frequency and additional routes. The fiscal year 2018 budget also includes increased funding for the 3rd party paratransit service contract which expires in April 2018.

Other operating increases include:

Contracted Services (including Paratransit) – Increase fiscal years 2019-21: 2.5%.

Fuel – Increase by 2.5% fiscal years 2019-21; however, a fuel reserve is established within General Fund, if needed.

Insurance-Liability – Increase fiscal year 2018: 10%; fiscal years 2019-21: 8%

Parts – Increase fiscal years 2019-21: 2.5%.

Postage – Increase fiscal years 2019-21: 1%.

Property Insurance – Increase fiscal year 2018: 10%; fiscal years 2019-21: 8%.

Utilities – Increase fiscal years 2019-21: 2%.

Interfund Transfers

Hurricane Matthew (FY17) – Local match of estimated FEMA costs.

Reserves

Stabilization reserves are set aside, annually, beginning in fiscal year 2017-18.

FUND: 456 Volusia Transportation Authority (VOTRAN)

Fund: 130 - Economic Development

Fund Overview

The Economic Development fund was created in 2001 to promote and implement the County Council's goals for a countywide economic development program. The Division of Economic Development (DOED) receives funding from the General Fund to support all economic development programs and services, including the County's legislative efforts related to state and federal issues of importance. Economic development programming focuses on the expansion and retention of existing Volusia County businesses through collaboration with local municipalities and key community stakeholders such as CareerSource Flagler/Volusia. The Division funds business recruitment by the Team Volusia Economic Development Corporation and supports, as appropriate, the efforts of the CEO Business Alliance. The DOED developed the Volusia County Business Incubator program in 2010 and funds the UCF Business Incubation Program site management team to foster growth of local enterprises. Local funds are leveraged through state incentive programs such as the Qualified Targeted Industry (QTI) Tax Refund program and the Qualified Defense and Space Contractor (QDSC) Tax Refund program, when needed, to assist the expansion of Volusia County manufacturers and other higher wage businesses. The DOED also assists the County's Airport Division in developing the Airport Corporate Center at the Daytona Beach International Airport.

Fund: 002 Emergency Medical Services

Fund: 115 - E-911 Emergency Telephone System

Fund Overview

The "Florida Emergency Communications Number E911 State Plan Act" (ss. 356.171- 365.174, F.S.), outlines the establishment, use and distribution of "911" fee revenues. Service providers collect the fees levied on subscribers and remit them to the State E-911 Board. On a monthly basis, the Board distributes to the counties as follows: 76% of collections remitted by wireless subscribers, 61% of collections remitted by prepaid subscribers, and 96% of collections remitted by non-wireless subscribers. Any county that receives these funds is required to establish a fund to be used exclusively for the receipt and expenditure of these revenues. Under the guidelines of the Act, the Florida Legislature specifically enumerates allowable expenditures from the fund for costs attributable to the establishment and/or provision of "911 services" per ss. 365.172 (9), F.S.

Fund Revenues - FY 2017-18

Fund Expenditures - FY 2017-18

Fund: 001 – General Fund

Fund Overview

The General Fund is the largest fund and provides resources to fund countywide government services. The Countywide millage rate is projected at 6.1000 mills. This is the basis for the calculation of countywide ad valorem property tax collections, the largest source of revenue for the County.

Assumptions

Fiscal year 2016-17 Budget – as outlined in Adopted Budget Document fiscal year 2016-17, page E-4.

Revenues:

Ad Valorem Taxes – This revenue is based on taxable value multiplied by the millage rate per thousand. The current millage rate of 6.1000 has remained the same since fiscal year 2016-17. The taxable value at a flat millage rate of 6.1000 represents a potential increase of 7% in tax revenue for fiscal year 2017-18; fiscal years 2019-21 taxable value is estimated at an increase of 5%, annually.

Intergovernmental Revenue – 0.5% growth based on trend for racing fees, 1% growth based on trend for Volusia County School Board, all others remaining level.

Charges for Services – 2.3% growth based on trend for housing of prisoner fees, drug lab fees, medical examiner fees and Sheriff's fees. 2.5% growth based on trend for Tax Collection and Property Appraiser and 3% for motor vehicle fees. 7% growth based on trend for marine science center fees, and all remaining charges for service fees are forecasted level.

Judgments, Fines & Forfeitures – 20% increase in court technology, 4% increase in felony fines and 16% increase in beach fines. All remaining judgments, fines, and forfeitures are forecasted level.

Sales Tax – forecasted receipts of the local government half cent sales tax at 5% in fiscal year 2019-21; Fluctuations in amounts transferred to General Fund are due to changes in debt service requirements.

Miscellaneous Revenue – accounts are level, based on trends.

Other Taxes – forecast for delinquent taxes, franchise fees, business tax, and hazardous waste surcharge level throughout the forecast period, fiscal years 2018-21.

Transfers From Other Funds – include funding reimbursement for E911 communication efforts (Fund 115), payback of interfund loans from Volusia Forever (Fund 161) and the parking garage (Fund 475), and designated reimbursement funding for Office of the Sheriff's manatee protection efforts (Fund 122).

One-time revenue source – primarily fund balance/reserves to be utilized for a specific purpose such as debt service payments, capital improvements, and carry forward of prior balances.

Fund Revenues - FY 2017-18 \$238,210,461

Fund Expenditures - FY 2017-18 \$238,210,461

Fund: 140 - Fire Rescue Services

Fund Overview

The Fire Rescue Services Fund was established in fiscal year 1999-00 and replaced six (6) separate fire districts. The unified district was created to provide a uniform level of service at a single tax rate. There are 19 stations in the Fire District with one staffed by volunteers. Fire Administration manages the fire station at the Daytona Beach International Airport, which is funded by the airport fund, and a central HAZMAT station which is funded by the general fund.

Assumptions

Fiscal Year 2016-17 Budget – As outlined in the adopted budget document, page E-80.

Revenues:

Ad Valorem Taxes – This revenue is based on taxable value multiplied by the millage rate per thousand. The current millage rate of 4.0815 has remained the same since fiscal year 2015-16. The taxable value at a flat millage rate represents a potential increase of 6% in tax revenue for fiscal year 2017-18; fiscal years 2019-21 taxable value estimated to increase 3%.

Transport Services – This revenue is received when Fire Rescue Services provides emergency transport services in the unincorporated area. Fiscal years 2019-21 is estimated to remain flat.

Expenditures:

Personal Services:

Salaries - Fiscal years 2018-21 pay adjustment of 3%.

FRS – Fiscal year 2017-18 increased per legislative action; rates remain flat in forecasted fiscal years 2019-21.

Group Insurance - Increased by 6.6 % for estimated medical inflation.

Workers Compensation – Fiscal year 2017-18 based upon 5 year claims experience, fiscal years 2019-21 remain flat.

Total Positions: 168 Funded Positions: 164 Unfunded Positions: 4

Operating Expenditures:

Contracted Services – Increase fiscal years 2019-21: 2.5%.

Fuel – Increase fiscal years 2019-21: 2.5%.

Insurance-Liability – Increase fiscal year 2019: 10%; fiscal years 2020-21: 8%.

Janitorial Services – Increase fiscal years 2019-21: 2.5%.

Medicine and Medical Supplies – Increase fiscal year 2019: 7.0%; fiscal year 2020: 6.5%; fiscal year 2021: 6.3%.

Other Maintenance and Chemicals – Increase fiscal years 2019-21: 2.5%.

Fund: 140 - Fire Rescue Services

Postage – Increase fiscal years 2019-21: 1%.

FUND: 120 Municipal Service District Fund

Fund: 105 – Mosquito Control

Fund Overview

Mosquito Control operates under the authority of F.S. Title XXIX, Chapter 388, and Chapter 110, Article IX County Ordinances, Volusia County Mosquito Control (VCMC) is responsible for nuisance and disease mosquito control in Volusia County. To achieve its major goal of reducing mosquito production, VCMC must mitigate mosquito production sites and control immature mosquitoes before they develop into adult mosquitoes. Funding for VCMC is provided primarily through ad valorem taxes assessed on properties within the district. Revenue is also realized from reimbursements received for services provided to municipalities outside the District.

In 2000, voters elected to levy up to .2 mill of ad valorem tax for 20 years to create the ECHO program. The ECHO program provides funding for Environmental, Cultural, Historical, and Outdoor recreation (ECHO) capital projects. Non-profit and municipal organizations within the County's boundaries, including the County, are eligible to apply for grant funding to assist with acquisition, restoration, construction or improvement of facilities to be used for any of the four criteria (ECHO) of the program. The levy of this millage expires in fiscal year 2020-21.

On June 3, 2004, the County Council approved allocation of \$1 million dollars of ECHO funds each year for the countywide Master Trail Program for the remaining life of the ECHO program. This amount is transferred to the Trails Capital Fund (328). On August 6, 2015, the County Council approved a resolution to provide for the continuation of the ECHO grant program funding in the amount of \$2.5 million. After the commitments for trails, grants and payments of tax increment are met, any remaining ECHO funds are to be used for the construction of the boardwalk extension in Daytona Beach.

Assumptions

Fiscal Year 2016-17 Budget – As outlined in adopted budget document, page E-98.

TITF (CRA) Payments – increase fiscal years 2019-21: 4%.

For illustration purposes, the grant awards from prior years that carry forward until project completion are not included in the forecast; only new funds for each forecast year are shown.

Revenues:

Ad Valorem Taxes – This revenue is based on taxable value multiplied by the millage rate per thousand. The current millage rate of 0.2000 has remained the same since fiscal year 2001-02. The taxable value at a flat millage rate of 0.2 represents a potential increase of 7.2% in tax revenue for fiscal year 2017-18; fiscal years 2019-21 taxable value estimated to increase 5%.

Fund: 160 - Volusia ECHO

Expenditures:

Expenditure of funds for ECHO is as outlined by County Council.

Interfund Transfers – transfers to major capital funds for future expenditure.

Fund: 161 – Volusia Forever

Fund Overview

In 2000, the voters elected to levy up to 0.2 mills of ad valorem tax for 20 years to create the Volusia Forever program to purchase endangered lands and permit the issuance of \$40,000,000 Limited Tax General Obligation Bonds payable from the tax levy. Levy of this millage expires in Fiscal Year 2020-21. Ten percent (10%) of Volusia Forever annual revenue is dedicated to support land management efforts, including forestry and wildlife management and trails for public access. Millage rates are established, first to meet the bonded debt service obligations, and second to fund current projects and land management operating expenses.

In fiscal year 2010-11, the County purchased 4,806 acres for the Deep Creek Preserve using a combination of Water & Sewer Utilities funds, Volusia Forever funds, and an interfund loan from the General Fund of \$11,587,047. This interfund loan is repaid in annual installments through Volusia Forever tax revenues. The Barberville Mitigation Tract is 386 acres of the 1,400 acre Barberville property that is permitted by the St. John's River Water Management District (SJRWMD) and the U.S. Army Corps of Engineers and can be used as a mitigation bank. Private and public entities may purchase mitigation credits to offset impacts to wetlands from development and other activities.

Assumptions

Fiscal Year 2016-17 Budget – as outlined in budget document page E-100.

Revenues:

Ad Valorem Taxes – This revenue is based on taxable value multiplied by the millage rate per thousand. The millage rate is calculated based on the amount needed to satisfy debt service obligations. The taxable value is expected to increase 7% in tax revenue for fiscal year 2017-18; fiscal years 2019-21 taxable value estimated increase to 5%. Total millage 0.20 is allocated based on projected taxable value and debt service schedule:

Millage	FY 2018	FY 2019	FY 2020	FY 2021
Fund 261 Debt Service	0.1101	0.1051	0.1001	0.0905

FUND: 161 Volusia Forever

Fund: 114 - Ponce De Leon Inlet and Port District

Fund Overview

The Ponce de Leon Inlet and Port District is authorized under Chapter 110 Article VIII of the Volusia County Code. The district primarily serves as the local sponsor for Federal management and operations of the Ponce de Leon Inlet channel. Port district activities include Inlet Management, Smyrna Dunes and Lighthouse Point Inlet Parks operation, marine wildlife and artificial fishing reef construction, derelict vessel removal, and coastal waterways access. Public Access and Inlet Parks funding supports new and upgraded infrastructure such as fishing piers, boardwalks, parking, and boat and kayak launch facilities. Inlet management activities include development of a contributed funds agreement with the U.S. Army Corps of Engineers for annual inlet maintenance dredging and updating the Ponce de Leon Inlet Management Plan to include a sediment budget analysis.

FUND: 114 Ponce De Leon Inlet and Port District

Fund: 313 – Beach Capital Projects

Fund Overview

This fund is used to account for various beach related capital projects. Such projects may include parking development, maintaining current infrastructure of the beach, and beach ramps. Annual revenue collected from the beach access fee is deposited here for beach projects.

Assumptions

Fiscal Year 2016-17 Budget – As outlined in adopted budget document, page I-20.

Revenues:

Beach access fees were adopted by Council on January 8, 2015, via Ordinance 2015-01, with an allocation of 20% of the revenue toward beach maintenance. Revenue is projected at a 3% increase each year.

Smyrna Dunes Boardwalk project budget for fiscal year 2016-17 is a \$2.7 million transfer from the Port District via budget resolution 2016-054, adopted by Council on April 21, 2016. Prior year funding is described in the Capital Improvement section on the next page.

Parking development for 834 N. Atlantic in Daytona Beach was funded from the Port District in the amount of \$500,000 and \$325,000 from the general fund in fiscal year 2016-17, via budget resolution 2016-078, adopted by Council on June 2, 2016.

Interfund transfer from the general fund in the amount of \$5.1 million in fiscal year 2016-17 budget for the construction of parking development at 650 S. Atlantic (Cardinal West), 3167 S. Atlantic (Strand), and 3621 S. Atlantic (Jasmin) in Daytona Beach.

Fiscal 2019-2021 - annual transfer from the Port District is for beach related capital improvements.

Parking Development:

The Volusia County Council is continuing with the initiative to develop off-beach parking. The following properties have been acquired and are to be developed to assist in additional off-beach parking.

Site	Acquisition Date
1255 Oceanshore Blvd	September 2014
650 S Atlantic Ave	April 2015
3621 S Atlantic Ave	October 2014

Fund: 104 – Library

Fund Overview

Volusia County's public library system includes six regional libraries, seven community branch libraries and one support/training facility. A countywide Library Fund millage rate of 0.5520 accounts for the tax revenues. Volusia County earns State Aid grant funds based on a match of up to \$0.25 on local funds expended centrally by the library and the Friends of the Library groups. The library also expects to receive revenue from fines, library endowment interest, and Friends of the Library donations. Expenditures are forecasted to maintain the current system and hours of service of the existing facilities. However, costs related to library services provided to Hope Place and the surrounding community have been included in this forecast.

Assumptions

Fiscal year 2016-17 Budget – as outlined in adopted budget document, page E-20.

Revenues:

Ad Valorem Taxes – This revenue is based on taxable value multiplied by the millage rate per thousand. The current millage rate of 0.5520 has remained the same since fiscal year 2013-14. The taxable value at a flat millage rate represents a potential increase of 7% in tax revenue for fiscal year 2017-18; fiscal years 2019-21 taxable value estimated to increase 5%.

State Aid – Continuing state grant authorized by F.S.257. Operating grant equal to a maximum of 25% of library funds expended during the preceding fiscal year. The estimate remains flat through fiscal years 2019-21.

Charges for Services - This revenue is based on fines imposed for overdue library material, fees imposed for lost library materials and the replacement of library user cards.

Contributions – City of Deltona –An interlocal agreement for the Deltona library amphitheater and Environmental Learning Center library construction and maintenance, which included an annual contribution of \$250,000 for 10 years, agenda item August 23, 2007 (VC-11864994760). The county received notification from the City of Deltona that it wishes to either terminate or negotiate a new agreement. We have not included this revenue along with associated expenditures in the forecast, due to its uncertainty.

Expenditures:

Personal Services:

Salaries – Fiscal years 2018-21 pay adjustment of 3%. Funding 3 previously unfunded positions in support of Hope Place.

FRS – Fiscal year 2017-18 increased per legislative action; rates remain flat in forecasted fiscal years 2019-21.

Group Insurance – Increased by 6.6 % for estimated medical inflation.

Fund: 104 – Library

Fund: 106 – Tourist Development Tax

Fund Overview

The Tourist Development/Resort Tax was enacted in 1978 levying a two percent tax on short term rentals of living accommodations for six months or less. On April 24, 2003 the Volusia County Council adopted Ordinance 2003-07 raising the tax to three percent effective July 1, 2003. Revenue from these funds are pledged to secure and liquidate revenue bonds for the acquisition, construction, extension, enlargement, remodeling, repair, improvement, maintenance, operation or promotion of one or more publicly owned and operated convention centers, sports stadiums, sports arenas, coliseums or auditoriums within Volusia County. These funds provide for debt service expenditures on the 2004 Tourist Development Tax Bond issue and the Tourist Development Tax Refunding Revenue Notes, Series 2014A and 2014B for the construction and expansion of the Ocean Center.

Volusia County, as a charter county, was authorized by state statute and local ordinance to self administer and collect the tax. A 2% service charge for this activity which is performed by the Revenue Division.

Assumptions

Fiscal year 2016-17 Budget – as outlined in adopted budget document, page E-26.

Revenues:

Tourist Development Tax – for fiscal year 2017-18 2.3% over prior year actual based on year-to-date collection trends through March, 2017 and economic analysis. For fiscal years 2019-21 growth is estimated at 3.5%.

Fund: 451 - Daytona Beach International Airport

Fund Overview

Daytona Beach Municipal Airport became part of Volusia County government in 1969, as the Daytona Beach Regional Airport. In 1992 a \$46 million expansion transformed the facility into the Daytona Beach International Airport (DBIA). The operations are authorized under Chapter 18 of the Volusia County Code. The airport is served by three commercial airlines and eight rental car companies, providing passengers with premiere customer service, convenience and hassle-free travel. Airline fees, passenger fees and rental income generate the operating revenues for the airport. DBIA provides facilities and services to NASCAR, Embry-Riddle Aeronautical University and many other local industries. The terminal also contains space for meetings, banquets and many corporate events. DBIA has offers and maintains leases for land and buildings for hotel, restaurant, office, cargo, hangar, and industrial spaces on airport property. Capital Improvement projects are funded primarily through Federal Aviation Administration and Florida Department of Transportation grants and are appropriated via Council-adopted budget resolutions when the grants are awarded.

Debt Service:

The Capital Improvements Revenue Note, Series 2010 reached maturity in fiscal year 2016-17. All other debt payments are forecasted according to the debt schedules for the Airport System Refunding Revenue Bonds, Series 2000 and Airport System Refunding Revenue Bonds, Series 2012. Additionally, a \$12.0 million loan is anticipated in fiscal year 2017-18 for the terminal update project. Estimated debt service, at 3.5% for 15 years, has been programmed in the annual amount of \$421,276 for each forecasted year. At the time of borrowing, payments for principal and interest will be made per the loan documents.

Interfund Transfers

Hurricane Matthew (FY17) – Local match of estimated FEMA costs.

Reserves:

Reserves – Equipment Replacement for Bond Requirement - Reserve for equipment replacement of \$250,000.

Reserve for Maintenance and Operations - At 1/6 of operating budget.

Reserves - Revenue Stabilization - In the event of loss of a major carrier, the airport would lose approximately \$6 million per year in airline related revenue, including rent, landing fees, parking, rental car and other concessions, and passenger facility charges. As it can take multiple years to recruit new airline service, the airport will build this reserve in order to hold a minimum of two years of airline-related revenue. The fiscal year 2017-18 reserve level is \$5.3 million and increases to \$10.3 million by fiscal year 2019-21.

Reserves – Future Capital – Reserves are allocated for capital projects including full cost funding and local match for grant projects.

Reserve – Local Match – estimated capital improvement grant match through fiscal year 2020-21.

Reserves – Terminal Update – Fiscal Year 2017-18 anticipates loan proceeds of \$12 million to be secured and \$2 million is budgeted. The remaining balance \$10 million to be expended in fiscal years 2018-19 and 2019-20.

FUND: 450 Solid Waste Fund

Fund: 457– Water Utilities

Fund Overview

Water and Sewer Utilities are operated under the authority of Volusia County Code, Chapter 122, Articles II, III and V. The County operates nine water and 12 wastewater treatment plants, six consecutive water systems, 118 lift stations, and two reuse water systems. These systems provide water and wastewater service to unincorporated parts of the County and some areas in incorporated Volusia County. The division also maintains nine water systems belonging to other agencies. The County promotes education programs, rebates and vouchers to increase conservation, and works with the St. Johns River Water Management District and other local utilities to address regional issues regarding water supply, treatment, and quality. Revenues are generated through user fees, with large capital improvements financed through the State Revolving Fund program.

Fund: 108 – Half Cent Sales Tax

Fund Overview

The primary purpose for the Sales Tax Fund is to record the County's receipt of the Half-Cent Sales Tax that is received from the State of Florida on a monthly basis. Funds are authorized by F.S. 212.20(6) and 218.60-.67 for countywide purposes, including debt service. The Half-Cent Sales Tax is allocated per statutory formula based on population.

From the amount allocated to the General Fund, revenues are distributed first for principal, interest, and other debt service costs. The remaining amount is distributed to General Fund to cover cost of operations. General Fund sales tax debt obligations are forecasted to be satisfied by November 1, 2018 in the Subordinate Sales Tax Lien Revenue Bond, Series 2008 (Fund 201), the Capital Improvement Refunding Revenue Bond, Series 2012 (Fund 204), and the Sales Tax Revenue Bond, Series 2016 (Fund 214).

Also forecasted, is the amount allocated to The Municipal Service District Fund. Revenues are distributed first to cover for estimated principal, interest, and other debt service costs associated with the planned Sheriff's Evidence facility. The remaining amount is distributed to the Municipal Service District Fund to cover cost of operations.

Assumptions

Fiscal year 2016-17 Budget – as outlined in adopted budget document, page E-28.

Revenues:

For fiscal years 2019-21 Sales Tax revenues forecasted at an annual growth rate of 5%.

Expenditures:

FUND: 123 - Inmate Welfare Trust

Fund: 305 – 800 MHz Capital Fund

Fund Overview

This fund is used to account for the construction and upgrade of the 800 MHz public safety radio system. This includes technology upgrades consisting of software, equipment, and radio towers to become P25 compatible. P25 is an industry standard that allows radios on different radio systems to communicate with each other regardless of the vendor.

Assumptions

Fiscal Year 2016-17 Budget – As outlined in adopted budget document, page I-16.

Revenues:

A portion of civil penalties received resulting from traffic infractions, as outlined in F.S. 318, is used for intergovernmental radio communication programs. This resource is used to fund local automation and is projected flat throughout the forecasted periods.

Interfund transfers: from general fund to fund the cost of the backbone infrastructure upgrade, and from general fund, municipal service district, Fire Services, Emergency Medical Services, and Mosquito Control for the radio replacements. Transfer of radio replacement revenue from other departments will conclude in fiscal year 2017-18.

In fiscal year 2016-17, Information Technology solicited the services of an experienced radio system consultant to provide P25 planning, purchasing, engineering, technology comparison, implementation and project management services as the upgrade of the 800 MHz system moves through its various stages. This effort will continue through fiscal year 2017-18.

In fiscal year 2018-19, the purchase of capital will begin with the replacement of backbone equipment at 13 radio sites with P25 capable equipment. All radios will be upgraded to communicate using P25 technology, with an estimated cost of \$6.3 million. Also slated is the replacement of the 20-year-old microwave system with a digital high capacity system. The estimated cost is \$12.2 million.

In fiscal year 2019-21, the upgrade of the 800 MHz backbone and radios will continue. Also, a 700 MHz Overlay Network is planned to improve communication in the I-95 corridor at a cost of \$150,000.

Reserves:

Reserves – Funds are being accumulated in this account to cover the future costs of the upgrade of the 800 MHz backbone system and replacement of radios. These upgrades will begin in fiscal year 2018-19 within an estimated cost of \$18.5 million.

Fund: 309 – Correctional Facilities

Fund Overview

This fund is used to account for various capital projects within the public safety areas of Volusia County. The current project is the network infrastructure upgrades at the Correctional Facility and Branch Jail. The data and voice network infrastructure (cabling, switches, network closets, UPS) in the Branch Jail and Correctional Facility is dated and inadequate. A network assessment at the end of fiscal year 2015-16 identified general plans and costs for moving forward with an infrastructure upgrade. These upgrades are required in order to move forward with the replacement of computer systems such as Video Visitation and Inmate Phone System.

Assumptions

Anticipated network upgrades to begin in fiscal year 2017-18.

Revenues:

Interfund transfers from General Fund in fiscal year 2017-18 through fiscal year 2020-21 are allocated for Correctional Facility's portion of the network infrastructure upgrade.

Expenditures:

Fund: 322 – I.T. Capital Projects

Fund Overview

This fund provides for software upgrades of the County's CGI Advantage Enterprise Resource Planning (ERP) Solutions.

The CGI Advantage ERP Solutions provides Financial Management, Human Resources/Payroll Management, Procurement, Performance Budgeting, and Business Intelligence functions designed for state and local governments. The County is setting aside funds for the upgrade of the current CGI version 3.9 to 3.11, which is the latest major release and is required to stay at Tier 1 level support from CGI. The County will also be provided new software features that previously did not exist, and which will be evaluated for implementation.

Assumptions

Fund: 367 – Elections Warehouse

Fund Overview

This fund is used to account for the replacement of the existing 9,000 square foot Elections Warehouse currently located on SR44. Council was presented the project in the overview of the infrastructure plan on 5/21/15 and as part of the presentation on debt service on 11/5/15. This new facility will be in a more central location to improve logistics during elections. The new warehouse will have secure storage areas, expanded staging areas with appropriate loading docks, integrated building security, automation, and climate control to protect the election equipment and record storage.

Assumptions

Anticipated construction in fiscal year 2018-19.

Revenues:

Interfund transfers from General Fund in fiscal years 2016-17 through 2018-19, and a fund was closed in 2016-17 with remaining balance transferred.

Fund: 368 – Court/Central Services Warehouse

Fund Overview

This fund is used to account for the development and construction of a warehouse for court records and central services. Council was presented the project in the overview of the infrastructure plan on 5/21/15 and as part of the presentation on debt service on 11/5/15.

Current storage for court records and Central Services Division is in three buildings dating back to 1950, 1960, and 1970. The buildings are located on property at the intersection of Clyde Morris Boulevard and Bellevue Avenue in Daytona Beach. New facilities will be integrated with other warehouse projects and provide integrated security, building automation, and climate control for the court records, and non-air conditioned space for Central Services.

Assumptions

Fiscal Year 2016-17 Budget – As outlined in adopted budget document, page I-40.

Fund: 369 – Sheriff Capital Projects

Fund Overview

This fund was established to account for several projects of the Volusia County Sheriff's Office.

Sheriff's Evidence Facility - to replace the current facility located on SR44 near the St. Johns River. A new, more central location will provide a secure compound and move the facility out of the flood plain.

CAD System – replace system which is no longer being supported. A consultant for design will be programmed in fiscal year 2017-18, funding sources are the Municipal Service District and General Fund.

E911 Sheriff Technology - nationwide initiative by communications providers such as AT&T to migrate to Internet Protocol (IP) system. Beginning 2020, AT&T will no longer support the current Camatrunk copper wire technology. The new system would allow digital information to flow seamlessly from the public, through the 911 network, and on to emergency responders.

Operations Center Renovations – remodel the operations center to accommodate the relocation of 13 employees, which will centralize all intelligence operations in one building and save on rental space.

Assumptions

Fiscal Year 2016-17 Budget – As outlined in adopted budget document, page I-42.

Revenues:

Interfund transfer from the Municipal Service District Fund in the amount of \$1.5 million in fiscal year 2015-16 is for its allocation of the Sheriff Evidence Facility. Interfund transfer from General Fund in the amount of \$5 million in fiscal year 2016-17 for its allocation of the Sheriff Evidence Facility with loan proceeds estimated at \$7 million, with corresponding debt service to be allocated to the Municipal Service Fund.

Interfund transfers from General Fund in fiscal year 2017-18 through fiscal year 2019-20 and from the Municipal Service District in fiscal year 2018-19 through 2019-20 for the replacement of computer aided dispatch and records management system.

Interfund transfers from the General Fund in fiscal year 2018-19 for the upgrade to the E911 Sheriff Technology and in fiscal year 2019-20 for the renovations to the operations center.

Expenditures:

Capital Improvements - are allocated per Sheriff's capital improvement plan. A summary is below:

Fund: 371 – EMS Facility

Fund Overview

This fund is used to account for the development and construction of an Emergency Medical Services (EMS) ambulance facility. Council was presented the project in the overview of the infrastructure plan on 5/21/15 and as part of the presentation on debt service on 11/5/15. The current facilities in Holly Hill experience seasonal flooding and are not centrally located to provide optimal countywide service. A central facility at the Indian Lakes complex would provide access to major roadways, move the facilities outside of the flood zones and storm surge areas, and provide a hurricane hardened building to continue operations in a disaster event.

Assumptions

Anticipated design begins in fiscal year 2019-20.

Revenues:

Interfund transfers from General Fund in fiscal years 2019-20 and 2020-21.

Expenditures:

Capital Improvements - are allocated per EMS facility capital improvement plan. A summary is below:

Fund: 373 – Medical Examiner Facility

Fund Overview

This fund is to account for the development and construction of a medical examiner facility. Council was presented the project in the overview of the infrastructure plan on 5/21/15 and as part of the presentation on debt service on 11/5/15. The existing medical examiner facility does not have the capacity for the current workload, which includes over 600 autopsies and 900 death investigations, annually. A new facility is required to provide adequate morgue, autopsy, and laboratory space. The planned facility would be hurricane hardened and able to continue functions in a disaster event. The facility would be designed to provide separate space for public, medical examiner, and law enforcement.

Assumptions

Anticipated design in fiscal year 2017-18.

Revenues:

Interfund transfers from General Fund in fiscal years 2017-18 and 2018-19.

Expenditures:

Capital Improvements - allocated per medical examiner facility capital improvement plan. A summary is below:

Fund: 375 – Boardwalk Development Fund

Fund Overview

This fund is used to account for the development and construction of a boardwalk in the Opportunity Zone created by County Council on May 7, 2015. The concept, as approved by Council, is to develop a boardwalk connecting existing amenities in the 2.25 mile stretch along the Atlantic Ocean from University to Silver Beach. The boardwalk would create a new identity for the area and enhance economic opportunities, by providing a safe and accessible destination for citizens and visitors. The planned boardwalk would be environmentally friendly and compatible with the Habitat Conservation Plan.

Assumptions

Fiscal Year 2016-17 Budget – As outlined in adopted budget document, page I-44.

Revenues:

Interfund transfer from Volusia ECHO fund per Resolution 2015-102, designating funds for the boardwalk development. The Volusia ECHO program is authorized through fiscal year 2020-21.

Expenditures:

Capital Improvements - Are allocated per boardwalk development capital improvement plan. A summary is below:

Debt Summary

Management continues to monitor changes in revenues and their potential impact on bond covenants and debt service requirements. The County's overall debt profile is characterized by good debt service coverage with its debt burden low. An objective measure of the County's fiscal performance is evidenced by the latest financial analysis and review performed by Fitch Rating Agency in 2017, in which they assert:

- Volusia County has an extended history of sound financial operations with prudent management practices that contribute to its strong reserve and liquidity.
- The county continues to operate with conservative assumptions and moderate periodic revenue increases leading to historically sound reserve levels.
- Debt levels are low and future capital needs manageable.

Assumptions

Fiscal year 2016-17 Budget – as outlined in adopted budget document, pages G-1-32.

Revenues:

Various revenue sources provide funding for the County's debt service expenditures.

Ad Valorem Taxes for the Forever Debt Service (Fund 262) - based on taxable value multiplied by the millage rate per thousand. The taxable value at a flat millage rate represents a potential increase of 7% in tax revenue for fiscal year 2017-18; fiscal years 2019-21 taxable value estimated at an increase of 5% annually. Revenue for debt requirements is provided by the voter-approved Volusia Forever limited property tax, not to exceed 0.2000 mills, expiring 10/1/2021. For fiscal year 2017-18, 0.1101 mills is recommended to cover the debt service requirements. The remaining 0.0899 mills is budgeted in the Forever Fund (161). For all other years, millage rates are adjusted annually to fulfill debt obligations.

Half-Cent Sales Tax for general fund sales tax-related debt to be paid off by November 1, 2018 (Funds 201, 204, and 214) and provide funding for anticipated debt associated with the Sheriff's evidence/lab facility (Fund 215). Forecast for all fiscal years 2019-21 are at a 5% growth rate.

Tourist Development Tax for Ocean Center debt service (Funds 202, 203, and 208). Forecast for fiscal year 2017-18 at 5.27% increase; fiscal years 2019-21

Road Improvement Special Assessments for West Highlands and Capri Drive improvements (Fund 208). Forecasted flat for all years.

Road Impact Fees and Gas Taxes for transportation improvements (Funds 209 and 213). Trend analysis of road impact fees is challenging based on the volatility of development activity in the county. For this forecast, road impact fees are forecasted slightly lower than prior year, overall. Gas taxes from the Transportation Trust Fund (103) are utilized to fulfill the debt obligations annually.

Expenditures:

Debt Service payments are based on debt service schedules for annual principal and interest. Other Debt service costs are based on historical expenditure trends for arbitrage and reporting requirements and other related costs.

Glossary

Ad Valorem Tax – The primary source of revenue for the County. For purposes of taxation, real property includes land and buildings, as well as improvements erected or affixed to the land. The Property Appraiser determines the value of all taxable real property.

Adopted Budget – The financial plan of revenue and expenditures as approved by the County Council at the beginning of the fiscal year.

Allocation - The distribution of available monies among various County departments, divisions or cost centers.

Amortization – The payment of an obligation in a series of installments or transfers or the reduction of the value of an asset by prorating its cost over a number of years.

Annual Budget – An estimate of expenditures for specific purposes during the fiscal year (Oct. 1 - Sept. 30) and the estimated revenues for financing those activities.

Appropriation – An authorization by the County Council to make expenditures and incur obligations from County funds for purposes approved by Council.

Assessed Valuation – A valuation set upon real estate or personal property by the County's Property Appraiser and the State as a basis for levying taxes.

Balanced Budget – A financial plan for the operation of a program or organization for a specified period of time (fiscal year) that matches anticipated revenue with proposed expenditures. A budget in which the revenue equals expenditures.

Bond – A written promise to pay a sum of money at a specific date

(called a maturity date) together with periodic interest detailed in a bond resolution.

Bond Funds – The revenues derived from issuance of bonds used to finance capital projects.

Budget (Operating) – A financial plan of operation which includes an estimate of proposed expenditures and revenues for a given period.

Capital Budget – An annual plan of proposed expenditures for capital improvements and the means of financing these expenditures.

Capital Improvement Plan – A document that identifies the costs, scheduling, and funding of various large capital items; i.e., buildings, roads, bridges, water and sewer systems. The plan should identify costs associated with existing deficiencies versus capacity for growth.

Capital Improvement Project – Includes land acquisitions, building and transportation improvements to other public facilities and equipment over \$25,000.

Capital Outlay – items with a per unit cost of more than \$1,000 which include furniture and equipment.

Charges for Service – (Also called User Charges or Fees) The charge for goods or services provided by local government to those private individuals who receive the service. Such charges reduce the reliance on property tax funding.

Contingency – An appropriation of funds to cover unforeseen events that occur during the fiscal year, such as federal mandates, short-falls in revenue and unanticipated expenditures.

Consumer Price Index – Measures the prices of consumer goods and is a measure of U.S. inflation. The U.S. Department of Labor publishes the Consumer Price Index every month.

Contractual Service – A service rendered to the County by private

firms, individuals or other County departments on a contract basis.

Debt Service – The payment of principal and interest obligations resulting from the issuance of bonds.

Deficit or Budget Deficit – The excess of budget expenditures over revenue receipts.

Designated Fund Equity – Reservations of fund balance and retained earnings which represent that portion that is not appropriable for expenditure or is legally segregated for a specific future use.

Enterprise Fund – A fund established to account for operations that are financed and operated in a manner similar to private business enterprises. The intent is that the full cost of providing the goods or services to be financed primarily through charges and fees, removing the expense from the tax rate.

Expenditure – The sum of money actually paid from County funds.

Fiscal Year – The twelve-month financial period used by the County that begins October 1 and ends September 30 of the following calendar year. The year is represented by the date on which it ends. Example: October 1, 2017 to September 30, 2018 would be fiscal year 2018.

Fund – A set of interrelated accounts that records assets and liabilities related to a specific purpose. Also, a sum of money available for specified purposes.

Fund Balance – The amount available within a fund at the close of the fiscal year that can be carried over as a revenue for the upcoming fiscal year.

General Fund – The governmental accounting fund supported by ad valorem

(property) taxes, licenses and permits, service charges and other general revenue to provide County-wide operating services. This may be referred to as the operating fund.

General Purpose Funds – Those funds supported by taxes and fees with unrestricted use.

Governmental Funds – The category of funds, which include general, special revenue, capital project, and debt service. These funds account for short-term activities and are often compared to the budget.

Impact Fee – A fee to fund the anticipated cost of new development's impact on various County services as a result of growth. This fee, such as for water and sewer or fire services, is charged to those responsible for the new development.

Interest Income – The revenue derived from the County's regular investment of temporarily idle cash. Interest rates, and hence the earnings, are commercially determined and subject to fluctuating market conditions.

Interfund Transaction – A financial transaction from one fund to another that results in the recording of a receipt and expenditure.

License and Permit Fees – A charge for specific items as required and approved by local and state regulations, i.e., building permit, mobile home, etc.

Mill – One one-thousandth of a United States dollar. In terms of the millage rate, 1 mill is equal to \$1 per \$1,000 of assessed valuation.

Municipal Service District (MSD) – The Municipal Service District provides municipal (city) type services to residents in the unincorporated areas of the County.

Operating Budget – An annual plan of proposed expenditures for the on-going operations of county government. The operating budget excludes the capital and internal service budgets.

Operating Expenditures – Also known as operating and maintenance costs, these are expenditures of day-to-day operations, such as office supplies, maintenance of equipment, and travel. Capital costs are excluded.

Potable Water – Water that does not contain pollution, contamination, objectionable minerals, or infective agents and is considered satisfactory for domestic consumption. A good synonym is drinking water.

Principal – The original amount borrowed through a loan, bond issue, or other form of debt.

Proprietary Fund/Agency – Commonly called “self-supporting” or “enterprise”, these funds/agencies pay for all or most of their cost of operations from user fees and receive little or no general property tax support.

Reserve – An account used to indicate that a portion of fund equity is legally restricted for a specific appropriation and subsequent spending.

Reserve for Contingencies – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise provided for in the budget.

Restricted Revenue – A source of funds which is mandated by law or

policy to be used for a specific purpose.

Revenue – The taxes, fees, charges, special assessments, grants, and other funds collected and received by the county in order to support the services provided.

Special Revenue Fund – A fund used to account for the proceeds of specific revenue sources or to finance specified activities as required by law or administrative regulation.

Surplus – The difference between revenues received and expenditures made within the current fiscal year.

Tax Base – The total property evaluations on which each taxing authority levies its tax rate.

Tax Increment Financing – Financing secured by the anticipated incremental increases in tax revenues, resulting from the redevelopment of an area.

Tax Year – The calendar year in which ad valorem property taxes are levied to finance the ensuing fiscal year's budget. For example, the tax roll for January 1, 2008 would be used to compute an ad valorem tax levied effective October 1, 2008.

Taxable Value – The assessed value minus exemptions, such as the Homestead Exemption, is the taxable value. This value multiplied by the millage rate equals the property tax amount.

Unincorporated Area – Those areas of the County, which lie outside the boundaries of the cities.

User (Fees) Charges – The payment of a fee for direct receipt of a public service by those individuals benefiting from the service.
