AFFIDAVIT FOR ARREST WARRANT

BEFORE ME, Steven C. Henderson, a Judge of the Seventh Judicial Circuit in and for Volusia County, Florida, personally appeared Task Force Agent William Powell of the Florida Department of Law Enforcement Cybercrimes Task Force, Affiant herein, who first being duly sworn by me, deposes and requests that an arrest warrant be issued for:

Mark George Pronovost
[REDACTED]

Hair: **Brown** Eyes: **Brown**
Height: **5'09"** Weight: **Unknown**
Date of Birth: [REDACTED]
Race: **White** Sex: **Male**
Social Security Number: [REDACTED]

for multiple charges, to wit: Twenty (20) counts of: Possession of Child Pornography, contrary to Florida Statute 827.071 (5) (a).

Your Affiant states that the facts establishing probable cause for the issuance of a warrant are as follows:

Your Affiant, Task Force Agent William Powell, is a duly sworn and certified Law Enforcement Officer in the State of Florida and has been employed as a sworn Police Officer for the Oviedo Police Department since August of 2010. Your Affiant is a certified Law Enforcement Officer by the State of Florida and pursuant to Section 943.14(1)(2) Florida State Statute and Sections 11b-7, Florida Administrative Code relating to the

Standards and Training. Your Affiant attended Seminole State College Law Enforcement Academy for basic certification as an officer. During that time, the basics of criminal investigations were taught. Your Affiant has completed Florida Police standards required by the State of Florida. Your Affiant is currently assigned to the Criminal Investigation Section of the Oviedo Police Department and has completed numerous investigations, which have led to the arrest of subjects in crimes in general. Your Affiant has attended numerous FDLE approved courses to include Interviews and Interrogations and Advanced Report Writing. Your Affiant has also taken multiple college level classes in reference to Criminal Justice and holds a bachelor's degree from the University of Central Florida. Your Affiant has completed Basic Computer Forensics Examiner training provided by The International Association of Computer Investigative Specialists (IACIS). Your Affiant has an understanding of the Internet and has completed courses about investigating computer and Internet crime including training by the Internet Crimes Against Children taskforce (ICAC) covering investigation of the distribution of child pornography through the use of peer-to-peer computer networks. Your Affiant has been assigned as a Task Force Agent of the Florida Department of Law Enforcement Cyber-Crime Task Force since October 2013.

On February 6, 2014, your Affiant determined that a computer located in Volusia County, Florida was offering to share child pornography files on the Internet using peer-to-peer software. An individual using the Internet access point located at [REDACTED] installed software onto a computer that allows users to share digital files with one another while connected to the Gnutella network (file sharing over the Internet).

At the time the investigation was initiated, the target computer was seen advertising all or part of at least fifty-four (54) files of known or suspected child pornography via the gnutella peer to peer network from December 18, 2013 through March 11, 2014. Peer to peer networks are simply collections of computers whose users have elected to install publicly available software that facilitates the trading of files from one computer to another. Peer to peer can be thought of as computer to computer. Gnutella is the protocol, or language, by which the computers communicate with each other. It is possible for any computer anywhere in the world with gnutella software and an Internet connection to connect to any other computer in the world with the matching criteria. Nearly all of the fifty-four (54) files had a title that indicated the contents of the file would depict the sexual exploitation of children. Five (5) examples are listed below:

- 1.
- 2.
- 3.
- 4.
- 5.

Affiant noted the following hash values available from this IP address:

Description: This video is approximately 3:23 in length. It begins by showing a prepubescent girl without any underwear on her knees with an adult male standing beside her with no underwear on. The male's penis is erect and he is holding his middle finger over the girl's anus. As the video starts the male rubs the girl's anus and then inserts the middle finger of his right

hand into her anus. One of her hands appears between her legs and rubs her vagina for a couple of seconds. The video changes to showing the girl exposing her vagina and her anus while it appears she is lying on her back. At approximately :38 in the males penis enters the picture and starts touching her anus. At approximately 1:41 the male has inserted his penis into the girl's anus. At approximately 2:59 he removes his penis from her. There is a brief glimpse of the girl's upper body and she does not have developed breasts. On March 13, 2014, your Affiant met with The Honorable Judge Zambrano who reviewed and signed the search warrant prepared in this case for [REDACTED]
[REDACTED]

The warrant was executed on March 18, 2014 November 26, 2013 by your Affiant along with members of the FDLE Cyber Crime Task Force and deputies from the Volusia County Sheriff's Office. At the time of the execution of the search warrant at [REDACTED]

[REDACTED] your Affiant checked for but did not detect any unsecure wireless networks from within the residence. Also present in the residence was Mark Pronovost and Pronovost's three juvenile children between (between the approximate ages of 1 and 4). Your Affiant advised Mark Pronovost that the search warrant is for a computer crime, but did not disclose to Mark that the specific computer crime being investigated is the possession of child pornography. Within 10 minutes of entering the residence, Mark Pronovost requested to put his 2 year old child to bed so he can speak with law enforcement. Once inside the master bedroom Mark Pronovost retrieved a black semi-automatic handgun, and while holding the handgun down at his side stated "You know who I am, you know I can't go to jail. I have no intention of hurting you guys. I'm not in the right state of mind. You know even an allegation like this can end my career." At this time officers immediately removed two of the three juvenile children; the third child was on the bed in the master bedroom, adjacent to Mark Pronovost. A few minutes later Mark Pronovost released the 2 year old child, who officers then evacuated from the residence. After several hours, Mark Pronovost voluntarily agreed to put down his weapon and comply with commands to exit the bedroom. Mark Pronovost was given

the opportunity to speak about this investigation with your Affiant and stated he wished to speak about the investigation.

Your Affiant spoke with Mark Pronovost at the Volusia County Sheriff's Office substation in DeBary, FL. Your Affiant advised Mark Pronovost of his Miranda Rights by reading aloud from a pre-printed Miranda Warnings card. Mark Pronovost stated he understood his rights and wished to speak with your Affiant. During the course of the interview, Mark Pronovost stated, post-Miranda, 

Your Affiant relayed this information to Task Force Agents responsible for performing the digital forensic examinations in this case.

On March 18, 2014, your Affiant received a DVD containing twenty (20) files of child pornography recovered from the Iomega brand external hard drive seized during the execution of the search warrant of [REDACTED]. It should be noted this was the same external hard drive to which Mark Pronovost stated [REDACTED] FDLE Task Force Agent Charlie Longson recovered these files. The description of the twenty files is as follows:
