Subject: PRR-100711 & Other PRR - EVAC incident
Date: Sun, 09 Oct 2011 21:10:50 -0400

Mr. Byron:

While we believe this incident (payroll situation) is of publication value – we hold the opinion that your email explanation has satisfied our public record request on this matter.

However, can you also supply the name of the outside company that provides this payroll service and how long they have been providing such service.

On another matter (EVAC DELAYED RESPONSE)

We would appreciate the records that were made available (or mentioned in the article) to the News Journal regarding the recent 45 minute EVAC delay. (see below News Journal article link)

<http://www.news-journalonline.com/news/local/east-volusia/2011/10/09/volusia-officials-say-map-glitch-delayed-evac-response.html>

At a minimum these records seem to include the following :
EVAC records on the 9-11 call - an email(s) between Director Coffin and Councilman Persis – and a possible email communication between yourself (Byron) and the News Journal reporter.

We anticipate that since this incident (EVAC) has only just recently occurred and the fact these records have already been made available to the News Journal, that no extensive usage of information technology or clerical / supervisory assistance will be needed to fulfill this rather simple public record request.

Please use the below listed email address as our point of contact.

Thank You
