Lt. Langdon:

Missed you on Friday. Are these records now available?
Can you make them available for pick up at the Administrative
Services office?

Thanks

In accordance with Ch. 119, F.S., the Public Records Act, this is to
acknowledge my receipt on 11/11/11 of your request for the following
record:

"Documents/records that the VCDC uses to affirm their development

and operational status of their system for the receipt, investigation and determination of complaints received".

Having reviewed your request, I am able to inform you that: Copies of all requested public records for which Volusia County Division of Corrections does not claim an exemption for disclosure under Ch. 119, F.S. are ready for pick up.

The fee for making the records available is .15 cents which must be paid as a condition of receiving the records.

Please feel free to contact me if you have any questions or concerns.

Lieutenant Larry Langdon
Volusia County Division of Corrections

Okay, let do it this way.

Since, the Volusia County Division of Corrections appears to be a correctional AGENCY as defined in Chapters 112 and 943, there they must comply with F.S. 112.533 and HAVE in operation a system for the receipt, investigation, and determination of complaints received by such AGENCY from any person.

Please consider this a public record request for the documents / records that the VCDC uses to affirm their development and operational status of their system for the receipt, investigation and determination of complaints received.

It is noted that you have included Captain Dofflemyer into this process.

Therefore, this email was also sent to her office. Certain records seem to attached her with conducting these internal investigations, therefore, she should be able to assist you in securing these documents / records.

Thank You.

"Has the Volusia County Division of Corrections established and put into operation a system for the receipt, investigation, and determination of complaints received by such agency from any person"?

Having reviewed your request, I am able to inform your that:

The statutory obligation of the custodian of public records is to provide access to, or copies of, public records "at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records" provided that the required fees are paid.

However, a custodian is not required to give out information from the records of his or her office.

Please feel free to contact me if you have any questions or concerns.

Lt. Langdon:

Thank you for the invitation to ask questions regarding our request for information. We also appreciate the opportunity to clarify our request for records.

Lt. Langdon, has the Volusia County Division of Corrections "established and put into operation a "system" for the receipt, investigation, and determination of complaints received by such agency from any person" (F.S. 112.533)?

If yes, then we request (public record request) a copy of those instructions / guidelines / policies / procedures / memos / SOPs / general orders / emails / video or audio recordings / biblical

quotes that defines this "system", regardless of how these records are referred to as.

Should this "system" be found in NON-division documents / records, such as State statutes or county ordinances, then please simply identify them in the particular.(ie. F.S. 119.07, F.S. 943.1395 etc.)

If you are still confused regarding the records we seek, then please read the next paragraph, hopefully it will further clarify our request for records.

Lieutenant Langdon, if VolusiaExposed.Com desired to file a complaint on a Volusia County correctional officer, could you as a lieutenant in the division advise us on how to file our complaint? If so, how did you obtain this knowledge? Where is it recorded (either written, electronically stored, on audio or video files, etc.)?

Thank You, and we look forward to your response.

Good morning Lt. Langdon (and others):

While we await the completion of the "administrative reviews" of the below named Correctional Officers, we request the Internal Affairs policies and procedures for the Volusia County Division of Corrections.

The development of these polices and procedures (system) are apparently required in F.S. 122.533.

Our review of these polices and procedure should help us better understand the VCDC process of investigating these complaints.

We anticipate that since these policies are in current use, they should be readily available for release as a public record without the need for extensive usage of information technology or clerical / supervisory assistance.

Director Sweat of the Volusia Beach Patrol has already provided us with the IA policies for the VCBP.

Thank You

Lt. Langdon:

VolusiaExposed.Com requests the following public records.

A complete copy of all internal affairs investigations / actions taken on the following officers. (within the last year)

1. Officer Josh Smith
2. Officer Goddell

It has been reported to us that these officers have recently been disciplined by VCDC for such activities not limited to, lying, engaging in a personal relationship with an inmate and posting bond for an inmate.

Inclusive to these internal affairs documents, we would request incident reports (VCDC 401 & 402), CJSTC 78, CJSTC 61, CJSTC 61A forms generated on these events.

Please accept this as a public records request (as per F.S. 119)

We anticipate that since these apparent incidents have only just recently occurred, that no extensive usage of information technology or clerical / supervisory assistance will be needed to fulfill these rather simple public record requests.

Thank You
