Re: Letter of Reprimand

Dear Officer Trobee:

On August 3, 1999, you sent by electronic mail, a letter to Council members wherein you identified the victim of a sexual assault.

That action constituted a violation of state law as well as numerous County Merit system provisions and procedures.

But for the fact that the victim did not want to pursue a complaint against you, you would have been prosecuted for your actions.

The delay however has left me no alternative but to issue a strong reprimand for your irresponsible conduct and to advise you that any similar behavior will result in appropriate disciplinary action.

As a County employee you are expected and required to conduct yourself in a professional manner. You are also expected to be knowledgeable of the law and to comply with it.

In this instance, you misused privileged information for your own purposes and thereby potentially exposed both County Government and yourself to civil liability.

I sincerely hope that you have learned something as a result.

You have the right to appeal this action as per Merit System Rules and Regulations.

Sincerely,

Francis T. Moore  
Director, Public Protections Services
