Dear Ms. Faletra:

Please accept this as a request for public records as defined in F.S. 119.

We are requesting all civilian and staff complaints that were received to support the opening of the Melbourne Police Department's internal affairs investigation on former Officer Frank Carter.

At this time - we are NOT interested in the completed investigation into Officer Carter's alleged misconduct, rather we wish to simply review the civilian or staff complaints that were received that supported the opening of the investigation against former Officer Carter that eventually lead to the filing of the attached CJSTC 78 form.

Further, we are NOT interested in any prior civilian or staff complaints filed on former Officer Carter that are not directly connected to the MPD investigation associated with the attached CJSTC 78 form.

We anticipate that since this incident / investigation have only just recently been forwarded to the CJSTC, that the records are readily available and therefore, no extensive usage of information technology or clerical / supervisory assistance will be needed to fulfill this rather simple public record request.

We prefer, if possible, that the records be sent to us in electronic format to the below listed email address. Should there be a cost associated with these records, we will arrange payment to be sent to your office, prior to the records being electronically sent to us.

Please use the below email address as our point of contact.

Thank You
