Hello,

I plan to speak to my parents this weekend about their assistance in the case where my daughter's father gets fired. I understand that there is a possibility of home keeping his job but if he was to be fired I would need my parents assistance with my daughter. My mother is currently out of town to attend the funeral of our family member that passed over the weekend. Once she is home this weekend I will talk to them and contact you on Monday to inform you of my decision of whether to make an official statement so you can start your investigation or to wait. It is not a matter of inconvenience, if I decide to make the statement I will not mind coming in to make the statement.

Hello Ms. Dobbins,

If it would be more convenient we can stop by your home for a short interview. It is imperative that we acquire the correct dates and locations.

Investigator Gabriel,

The deputy that this involves informed me that he was served with a notice that he was under an Internal Affairs investigation due to the information that I had inquired about through Captain Adkins. I would like to know if this is a fact because I was under the impression that without my official statement, an investigation could not be pursued.
