Due to a technical error when the deputy attempted to transfer the digital photos to a computer/disc, the photos were lost.

Brandon,

Thanks for your response. Has the records-retention period already passed on those records, or have the records gone missing in an unauthorized fashion?

I would like to direct my records request to the current custodian. Who is the current custodian of the subject records?

Jeff

Brandon,

On the evening of 10/23/2011, and while he had me in his custody at the hospital in Orange City, VCSO Deputy Wood stood at the foot of my hospital bed and took several photos up my loose shorts, between my legs.

I would like to obtain from the VCSO a copy of any and all photos taken by Deputy Wood on that day, that are of me or of any part of my body.

Thanks,

Jeff Ensminger
