Yes, I can confirm that an inmate at the jail has alleged that he was sexually battered by his cellmate. We were notified of the allegation on Sunday and have initiated a criminal investigation.

Gary:

Got a lead that there was a rape at the County Jail.

Apparently - a young male victim - mentally slow

Alleged to have occurred on or around Friday July 27, but apparently was not reported until the next day.

Alleged to have been investigated by VCSO.

I realize that these records will not be immediately available (on going criminal investigation) and when available, the records must be redacted - but can you confirm the event and the investigation?
