Subject: request for public information

Mr. Davidson:

We have sent you a few follow up emails regarding the Wooley Death investigation. These emails have gone unanswered. Do you still maintain the position of Public Information Officer for the VCSO? If not, can you provide the proper person to contact to gain both public information and public records from the VCSO?

VolusiaExposedCom has some further public record requests for the VCSO, however, we hesitate to file them with your office since we can not seem to even gain a response for public information regarding whether the Wooley investigation is complete.

VolusiaExposed.Com has slowly developed the opinion that you approach your responsibilities in a professional manner - however, your rather long silence in answering our simple question regarding the status of the Wooley investigation is quickly eroding our confidence in your office.

Thank You for your understanding
