Public Information Officers - VCSO

Volusia County Sheriff Mike Chitwood

Daytona Beach Shores Public Safety Director - Stephan Dembinsky

Gentlemen:

OPEN LETTER

The police handling of the recent Craig Trover incident in Daytona Beach Shores - again calls into question whether the VCSO properly handled a similar 2012 incident involving Mark Carper.

Would Mr. Frangiamore (Mark Carper's homicide victim) & Mark Carper still be alive today - IF the VCSO had acted in a similar fashion as the Shores PD?

Just asking questions - in a country where asking questions about your government (police) is not suppose to be a crime.

Kudos to the Shores PD for taking Mr. Trover into protective custody - Kudos for Sheriff Chitwood for requesting a professional study into the use of force.

Both are examples of policing in the 21st century.
