\*\*VolusiaExposed.Com files this public record request for the autopsy report on a Inmate Timothy Coffman #1024383.

From an arrest report we have obtained - Coffman was arrested by the South Daytona Police on 6-29-2018. Was taken to the hospital - whereas VCDC took over custody.

Mr. Coffman died while in custody.

VolusiaExposed.Com has received allegations that basically infer that Coffman was beaten to death by the arresting officers.

We obviously intend to review those allegation.

\*\*We also request (PRR) Mr. Coffman's booking photo from his 6-29-2018 arrest.

Currently the jail's website is using an old booking photo from an 2-24-2018 arrest of Mr. Coffman under booking number 1016089 - as his booking photo for his 6-29-2018 arrest. (see attached PDF)

We would imagine that the jail has an accurate and true booking photo of the 6-29-2018 arrest - in fact, we suspect they (VCDC) are legally

required to take and maintain such a booking photo.

Please use our below email address as our point of contact. And advise us in advance of any cost that are associated with our PRR.

Regards,
